ACCESSIBILITY STATEMENT

Version 1.0

Last Updated: March 9, 2026

1. Commitment to Accessibility

Blueshift Cybersecurity, Inc. is committed to improving accessibility for users with disabilities in connection with its Platform, related services, and public website. This Statement applies generally to the IntelliThreat AI Platform, including IntelliThreat Autonomous Tier, Managed SOC & XDR Services client-facing interfaces, and the Blueshift public website, and Blueshift Cybersecurity, Inc. works to consider accessibility as these offerings evolve.

2. Standards

Blueshift Cybersecurity, Inc. uses the following accessibility standards and resources to help guide design, development, testing, and ongoing review, as applicable:

- WCAG 2.2 Level A and AA (primary reference standard for evaluation); WCAG 2.1 Level A and AA (backward compatibility reference)
- Revised Section 508 standards published by the U.S. Access Board (reference standard where applicable)
- Voluntary Product Accessibility Template (VPAT) / Accessibility Conformance Report (ACR): Blueshift Cybersecurity, Inc. makes available an Accessibility Conformance Report (ACR) / VPAT for the IntelliThreat AI Platform (including IntelliThreat Autonomous Tier), dated March 9, 2026, and may update that documentation from time to time.

3. Continuous Improvement

Blueshift Cybersecurity, Inc. conducts ongoing accessibility review, considers accessibility in product and website design and development, and works to identify and address accessibility issues over time. Accessibility issues may be prioritized based on severity, impact, and other relevant factors. Accessibility characteristics may change as the Platform evolves, and Blueshift Cybersecurity, Inc. may update its accessibility documentation from time to time, including its ACR / VPAT and related accessibility materials, to reflect the current production release and evaluation posture.

4. Feedback

If you encounter an accessibility barrier, need assistance accessing content, or have suggestions for improvement, please contact Blueshift Cybersecurity, Inc. at: accessibility@blueshiftcyber.com. Blueshift Cybersecurity, Inc. reviews accessibility feedback and will make reasonable efforts to respond and, where appropriate, provide updates regarding remediation.

5. Relationship to Agreements

This Statement is provided for informational purposes only and does not create independent contractual obligations, warranties, or service-level commitments. The contractual terms governing the Platform, including the IntelliThreat AI Platform, IntelliThreat Autonomous Tier, Managed SOC & XDR Services, and related offerings, are set forth in the Platform Master Subscription Agreement, applicable Order Forms, and any applicable product addenda or service addenda.
